

## 2008 OAEP Spring Conference CEP & CEP Maintenance

- Progress
- CEP Requirements
- CEP Maintenance Requirements

---

---

---

---

---

---

---

---

## Where we were...

- In 2007-2008 CEP Maintenance workbooks were submitted for the very first time.
- Awarding CEP Maintenance status was challenging because of several factors:
  - Multiple deadlines (4)
  - Workbooks submitted in both hard copy and electronic formats.
  - Confusing instructions to the group.

---

---

---

---

---

---

---

---

## Where we are now.....

### The CEP Committee

- Created revised and updated documents that will be posted to the OAEP website.
- Streamlined the process to verify membership and workbooks.
- Created a system for efficient distribution of Certificates and letters to district Superintendents.
